*"...a rhythmically charged rock track with verses that swagger and sway and a chorus that tips over into punk-rock intensity."* – **Stereogum**

*"There's darkness in INVSN that is seemingly spawned by the barren Scandinavian landscapes of their rural base."* – **Clash Music**

*"... the bursts of noise and bits of electronica provided by the band give INVSN a punchy edge that keeps us from becoming too comfortable."*

(JUNE 5, 2017 - Toronto, ON) **INVSN** (pronounced like "invasion") has announced a North American Fall tour in support of the band's forthcoming LP, ***The Beautiful Stories***, including dates in Toronto, September 13 and Vancouver, September 28. Alongside the tour announcement, the band has premiered the video for "This Constant War" via [Brooklyn Vegan](#). **Watch + Share [HERE](#)**. INVSN will be releasing their anticipated new album **June 9** via [Dine Alone Records](#) worldwide (minus Scandinavia). The album and various bundles will be available to pre-order from Dine Alone [HERE](#). Tickets for the tour go **on sale Friday, June 9**. See below for the full routing.

*The Beautiful Stories* is a creative construction between five musically seasoned Swedes, notably the duo of frontman **Dennis Lyxzén** (Refused, (International) Noise Conspiracy) and longtime collaborator **Sara Almgren** ((International) Noise Conspiracy). Recorded by **Adam "Atom" Greenspan (Nick Cave, The Veils)** at Svenska Grammofonstudion in Gothenburg, *The Beautiful Stories* buzzes with eclecticism, wherein catchy indie rock with pop sensibilities exists alongside industrial electronics. This is post-punk underpinned by repressed anger and frustration serving as a punch in the face of a mendacious society.

Giving listeners a New Order feel, INVSN has toured with notable bands like **Echo and the Bunnyman** who help affirm their aspirations to explore electronica, while touring with bands like **Minus the Bear** and **Against Me!** help contribute to their post-punk credentials. *The Beautiful Stories* continues on the “avant-garde path” forged by these folks, highlighting political strife and struggles of the everyday person.

#### **About INVSN:**

Few other bands than INVSN have better conducted the heritage of the now legendary 90’s hardcore scene in Umeå. Its members have come together from a wide variety of influential Swedish bands. Sara Almgren hails from Masshysteri, Christina Karlsson from Tiger Forest Cat, Anders Stenberg alongside playing with Lykke Li is also a member of Deportees, André Sandström was in DS-13 and Dennis Lyxzén started out in the seminal punk outfit Refused before playing in The (International) Noise Conspiracy with longtime collaborator Almgren.

INVSN has always had a political message, but few other songwriters have the ability to add additional dimensions of existential struggle and soul-searching like Dennis Lyxzén. In our time, when many moral and deeply humanistic values are being challenged by right-wing movements all over the world, INVSN is a necessary outcry from a counter-culture that has far from given up.
