(Toronto, ON – August, 29, 2018) - **The Kents** have premiered a video for their new single “**From The Start**” via **Exclaim!** today. Says Freddy, Luke, Tanner and Warren of the video, "'From the Start' was inspired after a much needed day off in Harmony Bay near Sault St. Marie during a hectic tour. Working with director Kurtis Watson, our aim was to try and juxtapose the intense mindset that comes with being on the road against the cathartic backdrop of being in nature and near water. The perspective-refreshing day reminded us of how lucky we are to be able to make music."

Hailing from Lindsay, Ontario, the band has been an emerging force since independently releasing their debut EP **Waking** in 2016. The success of their latest release **Within Waves** has helped the band garner profile appearances including [SiriusXM's Live@TheVerge](#), [CBC Radio's The Strombo Show](#) and MLB's World Series.

The Kents have been featured on SiriusXm's The Verge's 40 Best Songs of 2017, Apple Music's 2016 Rising Stars, Spotify's Best of 2016 Viral Hits, [Hockey Night in Canada](#), [Canada's Walk Of Fame Emerging Artist](#), Rogers Hometown Hockey™ and earned radio support from various regional and national platforms. They've shared the stage for sold-out shows with **The Sheepdogs, The Trews, The Strumbellas, Sloan, Hollerado** and performed at festivals including Hillside Festival, Big Feastival Canada, Hamilton Supercrawl, NXNE, Peterborough Folk Festival, Sound of Music, Beaches Jazz Festival and Wolfe Island Music Festival.
