“TANDM’s songs are gems of creativity and independent spirit, performed by Maxine and Thomas with passion and consummate musicianship.” - Christophe Beck, Emmy-winning Film Composer (Buffy The Vampire Slayer, Frozen, The Hangover Trilogy)

(January 23, 2019 – Toronto, ON) - Indie pop and ambient rock band **TANDM** have announced the release of their debut EP ***Reflections, Vol. 1*** out **February 15, 2019**, followed by an **EP Release Show** on **February 20** at the **Horseshoe Tavern**. They premiered their first single via an endearing music video “**Dreamworld**” late last year which is available to stream on all DSPs [HERE](#).

The Toronto-based songwriter duo, comprised of vocalist and guitarist **Maxine Beck-Sinderby** and drummer **Thomas Franklin**, met serendipitously at a music studio in high school. Maxine’s undeniable musical talent should come as no surprise. She comes from an impressive musical lineage; her uncle is Grammy-winning Canadian musician **Chilly Gonzales**, while her other uncle is prolific Hollywood film composer **Christophe**

Beck, known for his Emmy-award winning work on *Buffy the Vampire Slayer*, and blockbuster films including *Frozen*, and *Ant-Man*. Thomas honed his craft with direction from respected Toronto musician **Anthony Michelli** and artist Beth Hart's touring drummer **Bill Ransom**. Both classically and jazz trained, they soon wrote and performed together across Canada, the United States, and Sweden; where TANDM performed with Swedish guitarist and songwriter Janne Schaffer of **ABBA** fame.

Due to their early live performances consisting of only three instruments, the band soon developed a signature sound marked by Maxine's sugary vocals, catchy reverb-filled guitar riffs, backed by Thomas' rhythmic flourishes. Drawing musical inspiration from the likes of Alvvays, Daughter, Foals, Of Monsters and Men, and Arctic Monkeys, TANDM's music weaves stories around life's weaknesses; from personal pleasures, to the flaws in society expressed within young adulthood. Seemingly a contradiction, the messages behind the songs are enveloped by music and lyrics that are often upbeat, resulting in a true bittersweet experience.

In 2015, Maxine completed a summer program at Berklee College of Music. Thomas has uploaded 80+ drum covers to his YouTube channel [TheRedHatDrummer](#), attaining over 62,000 views. TANDM has recorded or performed with bands Project Brother, 5 Neat Guys, The Jones, The Upbeats, THEM; and Arkson who will be performing at their EP Release Show. They wrote and recorded music for short films "Mason's Puzzle" (2017) and "Alpha Centauri" (2018).

TANDM is currently working on their second EP, to be released later this year. Additional tour dates will be announced when available.
